

SYMPHONY

VERSE 1:

We talk without speaking
Our souls know every clue
And even though we're yet to meet
I feel our love is true.

I keep longing for you
Your presence I pursue
I'm lost in dreams where our hearts
Will beat as one, not two.

VERSE 2:

We dance without touching
Each movement feels like fate
And even though we're miles apart
I know that time shall wait.

CHORUS:

You are the melody in my symphony
The rhythm in my heart, it's indescribable
You are the remedy that sets me free.

You are the melody in my symphony
You're the force I feel flowing endlessly
I know that in your arms, I will find my key.

VERSE 3:

We dream of daybreak meetings,
Where shadows finally fade,
Though now apart, soon hand in hand,
Our paths will be remade.

Wait for twilight's whisper,
When our eyes finally meet,
Though space divides, our hearts align,
Our love shall be complete.

CHORUS (repeat).

Chorus Breakdown:
